SUBJECT: Mexico on Preparing for the Nuclear Non-Proliferation Treaty
Review Conference and the Nuclear Security Summit

REF: 09 STATE 126209; 09 STATE 129517; 10 STATE 5891; 10 STATE 7493

11. (SBU) Poloff discussed January 28 the U.S. approach to
the 2010 Nuclear Non-Proliferation

Treaty Review Conference (Ref. A and B) and the upcoming Nuclear
Security Summit (Ref. C)

with Julian Juarez Cadenas, Deputy Director General for UN-Related
Security and Legal Issues

at the Foreign Relations Secretariat (SRE). Juarez expressed
appreciation for information

about the USG's commitment to strengthen the NPT and its record of
cooperation on the

peaceful use of nuclear energy. He emphasized that the GOM hopes
states will address the

three pillars of NPT - nonproliferation, disarmament, and peaceful
uses of nuclear energy -

equally at the 2010 NPT Review Conference (Revcon) in May 2010 in
New York. In particular,

he said that the GOM hopes that the U.S. and Russia make strong
commitments on

disarmament to demonstrate good faith efforts to the rest of the
NPT members. He added

that the GOM believes this is an important moment for strengthening
nonproliferation and

disarmament and expressed the hope that this Revcon would be much
more productive than

the previous one five years ago.

12. (SBU) Juarez said that he looked forward to Mexico's
participation in the Nuclear Security

Summit April 12-13 in Washington, D.C. in which he emphasized a
connection between nuclear

security and the NPT. He appreciated the invitation by the USG and
representatives from the

Dutch Embassy to the Third Sherpa meeting February 9-11 in The Hague in preparation for the

Summit (Ref. D).

13. (SBU) Juarez indicated that the GOM would be joining the Global Initiative to Combat Nuclear

Terrorism (GICNT). He said that SRE is finalizing diplomatic notes for the U.S. and Russian

Embassies to this effect. He also indicated that Mexico is joining the Nuclear Suppliers Group.

He told Poloff that the GOM hopes that it will be an official member of both of these

organizations by the time President Calderon participates in the Nuclear Security Summit in

April.
